

Tom Pettigrew and I will be guest editing a special issue of Social Justice Research devoted to showcasing cutting-edge research and theory related to relative deprivation. We invite research and theory from a variety of disciplines and methodologies.

To insure the fit of your proposed contribution for this special issue, we would like you to email us a working title and a one-page abstract summary by October 1, 2013. On the basis of these abstracts, we might ask some contributors to adjust their framing or proposed content in order to strengthen the collection as a whole.

Being invited to make a contribution to the issue is not a guarantee of publication. All submissions for the special issue will go through an editorial process similar to a normal submission to Social Justice Research (<http://www.springer.com/psychology/personality+%26+social+psychology/journal/11211>).

The timeline for the submission of the first complete draft of your manuscript is April 1, 2014. Further details are available at: <http://www.sonoma.edu/users/s/smithh/SJRSpecialissue.pdf>

If you have any additional questions, please feel free to contact us.
