

The 4th Annual IPSA-NUS Summer School for Social Science Research Methods will be held at the National University of Singapore, June 8-19, 2015.

This year's Methods School offers thirteen quantitative, qualitative, and formal methods courses, such as Bayesian Analysis, Case Study Analysis, Experimental Methods, Game Theory, Maximum Likelihood Estimation, Mixed Methods, QCA, and Quantitative Text Analysis. All courses are taught by highly experienced international faculty from the U.S. and Europe and provide participants with rigorous, hands-on training in state-of-the-art research methods.

For more information on the various Methods School courses and instructors, financial aid, early registration discounts, and more, visit our website (<http://methods-school.nus.edu.sg>) or contact us at [methods-school@nus.edu.sg](mailto:methods-school@nus.edu.sg).

Please share this announcement with any colleagues, students, and friends that might be interested in the Methods School.

Best regards,  
The IPSA-NUS Methods School team
