On behalf of CICA INTERNATIONAL and Universidad Autonoma de Lisboa., it is our great pleasure to announce and invite you to participate to the 50th CICA International Conferences on Security, with the theme "Conflict and Political Psychology", taking place at Lisbon, Portugal (July 16-17, 2019). It will be a satellite event to the 2019 ISPP meeting.

CICA conferences provide an interdisciplinary forum for world-class scientists, diplomats, militia, policy makers and people from many other fields to discuss and exchange ideas on the hottest topics and progress on the field of security and defence and, more broadly, conflict and aggression.

Besides the active contributors to this Conference -via symposia or presentations-, it will also be a nice opportunity to offer a forum of interexchange to scientists and other people interested on these topics for meeting international colleagues and young students from around the world, renewing acquaintances, making new professional contacts, and networking in an informal atmosphere; to discuss their current research, future directions and international development of our fields, facilitating cooperation between specialists, scientists, and politicians, as well as to cross fertilize different areas of interest. This explains why it is also important participating as a passive attendance.

Topics

Although any topic regarding conflict and psychology are welcome, we would stress the following ones:

I. Media, Political Literacy and Polls
II. Social Inequality
III. Artificial Intelligence
IV. Populism
V. Migrations
VI. Security
VII. Conflict and Agression, which has been a constant topic of CICA since its beginnings.
