

ISPP is proud to announce its partnership with [Scholar Rescue Fund](#), an initiative of the Institute of International Education. IIE-SRF arranges and funds fellowships for threatened and displaced scholars at partnering higher education institutions worldwide. As part of our partnership, we offer a one-year free ISPP membership for Scholars Rescue Fund fellows in the year following their SRF fellowship. Additionally, we offer free remote participation in the Annual Meeting or 50% discount from registration fee for in-person participation; eligibility for travel funds for early career scholars, and invite them to participate in the Twinning Program. For more information please contact info@ispp.org.
