Analyses of Social Issues and Public Policy (ASAP), a journal of the Society for the Psychological Study of Social Issues (SPSSI), is issuing a Call for Papers on the Social Psychology of the 2020 U.S. Presidential Election. This collection will be the fifth in ASAP's series on U. S. Presidential elections, continuing a tradition that began with our collection on the 2004 election and continued with the 2008, 2012, and 2016 campaigns. ASAP will also consider, as a companion to the U.S. election issue, articles addressing recent or upcoming elections around the world.

In addition to regular submissions, ASAP will also consider Registered Reports for this issue.

Please see <https://osf.io/ht8np/> for the full call for papers. Please also feel free to contact chris.aberson@humboldt.edu with questions.
